General

EcoLuxury offers green vacation rentals in Florida and Arizona and the products that furnish them. For our e-policy, please download *What Makes Us Green* which is available online in the media center.

Products

Clever, green, luxury furnishings and gifts including: locally produced music and fine art. These items will be available online in the Fall of 2008.

Vacation Rentals

One, two, and three bedroom villas sited to maximize privacy and connection with nature. Fully equipped, gourmet, self-catered kitchens, natural, organic fabrics and appointments, fine art and beds. All properties follow guidelines for healthy home air quality—pet, smoke, and perfume free. Properties are cleaned with natural, biodegradable, unscented products to avoid aggravating or causing respiratory problems. Natural, low toxin building and furnishing materials make the Sedona and Florida properties sustainable, green homes.

Rates 2008

Range from \$99 to \$183 USD a night. Rates based on occupancy of four people and include linens and towels, condiments, spices and basic stock in the kitchens. Guests provide their paper supplies and other consumables. Grocery shopping to stock the units prior to guest arrival is available for an additional charge, upon request. Each property requires a minimum stay established by local government regulation. Rates exclude all applicable taxes and a cleaning fee.

CASITA COLIBRÍ, SEDONA, AZ

The one bedroom Casita is nestled in a quiet Juniper glen offers a king-sized pillow top bed and private bath. The romantic casita living room has overstuffed chairs and sofa, a cozy fireplace, an adobe-walled patio. The gourmet kitchen has full -sized, energy efficient appliances. An outdoor spa jet-tub without chlorine comfortably seats four people and their drinks. Shared full size washer/dryer.

Recreation Sedona

Just 2 blocks to hiking trails, yoga studios, metaphysical shops, a labyrinth, spas, restaurants, movie theatre and mountain biking trails. Yoga mats, backpack, picnic basket, and cooler available onsite.
